NINTH ANNUAL LEADERSHIP EVENT

CYBER SECURITY

Security solutions through collaboration.™

SUMMIT

October 28–30, 2019 | Minneapolis Convention Center

cybersecuritysummit.org | #cybersummitmn

# Management Breakout

Forward Looking View of Cyber Risk

Introductions

Kristi Yauch

- Cyber Security
- Director @ TCF Bank
- Responsible for Operations, Engineering, Architecture, Incident Response and Data Protection
- Geek

Christopher Emerson

- Husband & Father
- CEO & Founder @ White Oak Security
- Built Offensive Security Programs for Fortune 100 Companies
- Geek

Problem Statement

The narrow scope of penetration testing fails to consider layers of security controls, and it can create a false sense of urgency.
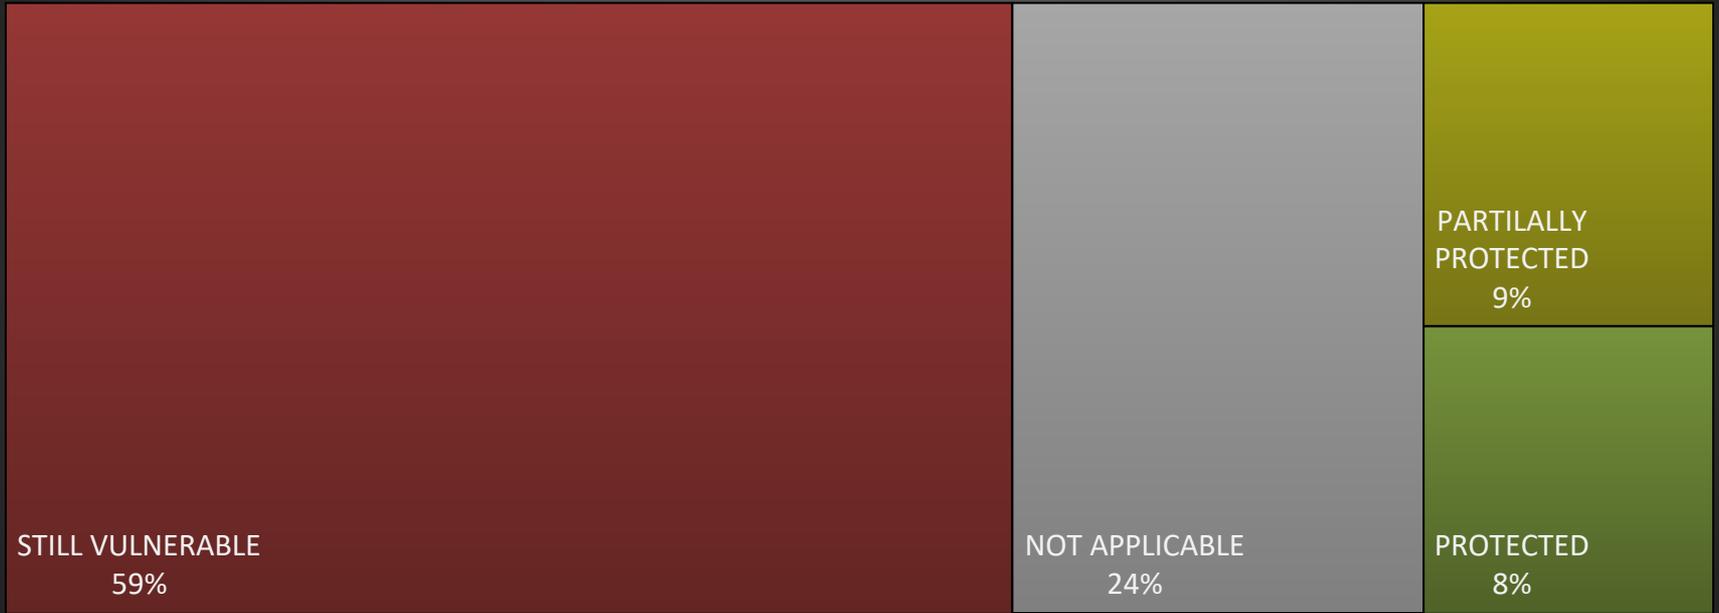

Whitelisting vs. Unmodified Access

S.T.E.M.

Outcomes

STEM RESULTS

STILL VULNERABLE
59%

NOT APPLICABLE
24%

PARTILALLY PROTECTED
9%

PROTECTED
8%

Outcomes

- More Effective Triaging
- Alternate Remediation Options
- Severity/Priority Clearly Articulated & Understood
- Defense-In-Depth Effectiveness & ROI
